Being in construction and having many rentals, we had used many carpet cleaners through the years until we found Excel Systems, Inc. That was about 15 years ago and we haven't used anyone else since.

Jim Bell is not just the guy cleaning your carpet and upholstery. He's the owner of the business. Because of that, he takes great pride in the quality of work done and has never left without exceeding our expectations. In fact, I've referred him to all my family members and other commercial accounts who are also equally happy. Excel Systems is the only cleaning company I trust to clean my home.

Sincerely,
Larry Hodges
